

PACE SCHOOL

Pittsburgh, Pennsylvania · Approved Private School for special education

K–21	2025	2	Sensory
Students served	Phase 1 completed	Project phases	Calm + active seating

THE VISION

Pace School blends special education with mental health and behavioral support for students with autism and emotional disabilities. Its classrooms needed to help every student feel calm, stay regulated and engage in learning.

DESIGN HIGHLIGHTS

- Calming nooks with enclosed soft seating
- Active seating: wobble stools and rockers
- Adjustable, mobile desks and tables
- Curved tables for small-group instruction
- Reading corners for quiet independent time

KAY-TWELVE AS LEARNING SPACE INTEGRATOR

We helped Pace match each room to students' sensory and behavioral needs, so the space supports regulation and learning.

01 Listen
Learned how staff support regulation through the school day

02 Plan
Zoned rooms for small groups, calm-down and independent work

03 Refine
Chose durable, sensory-friendly seating with Pace staff

04 Install
Phase 1 installed in 2025, with Phase 2 to follow

THE RESULT

Classrooms that give every student a place to calm down, move and focus, all in the same room.
